

art.DJB

FIXED BASES mod.20/60 in acciaio nitraturo, flangiate a grande dimensionamento, con cuscinetti assiali/radiali ed accessori.

Assembled DJB Base

Standard fitting on the machine
with through bolts from bottom to top

DJB Base - exploded diagram

* Alternatively, for particular technical requirements for manual/horizontal movements, the DJB support is available with **self-locking ring GHA** (please see page 51).

> Complete diagrams showing how to fit to the machine are on page 231

> C = Nett size of Base , excluding ABA, MPU, GBA etc.

> Approximate weight with accessories and fitting hardware.

> The supports above are shown assembled in the **Tecnology J** (Groups (see preceding pages) for which it is possible to calculate the total weight by adding them to the weight of the TR screw using the table on page 182.

> To comply with safety regulations it is obligatory to use the fitting hardware supplied, fitting so that the arrow engraved on the Base is in the same direction as the other Bases in the Group, and where used for vertical/oblique movements the arrows must face downwards.
